STYLIS

Countless possibilities at the tip of your fingers!

I ♥ VIRTUAL STYLIST

HOLIDAYS

FASHION

ACTIVATIONS

COSPLAY CONVENTIONS

PRESS LAUNCH

PARTIES

All you have to do is choose. touch. drag. pose.

Basically, this application allows the person to see how several outfits will look on them without actually going through the fuss of removing tight clothes, and manipulating hard to reach zippers and malfunctioning

buttons-- all this with a simple touch or gesture!

You can use the Virtual Stylist not only for retail but for product launches, birthday parties, conventions, and so much more!
